

PERSONALYSIS®
ADVANCED Certification

Become an expert in the nuances of personality and master the delicate art of interpreting the whole profile.

Program Design and Overview

These sessions are designed to challenge and change the way you think about human nature and achieving peak performance.. We will take you back to the core components of personality and bring forward the dynamic nuances or the Personalysis profile.

You will learn to interpret assessment results from the whole-profile view and gain deeper insights to assist you with interpretation and coaching.

Each session brings a wealth of expertise and a unique approach to Personalysis interpretation and coaching.

Prerequisite: Color Combinations
Prework: History & Foundation
Week 1: Exploration of Color
Week 2: Instinctive Dimension
Week 3: Social Dimension
Week 4: Preferred Dimension
Week 5: Working with the Profile
Week 6: Group Mentor Session
A case study employing lessons learned will confirm your certification

What You'll Learn

- The evolution and history of Personalysis.
- The underlying concepts to support interpreting Color: their energy signature, timeframes, and their distinct approach to trust, confidence, and power.
- How and why people get communication so wrong – and what you can do about it.
- How the instinctive dimension grounds, supports and energizes the whole person.
- The challenge that exists when individuals overemphasize the social dimension.
- The downside side of Color: blindsides, negative responses, and reactions.
- Addressing experience, guilt, shame, and insecurity in the Personalysis profile.
- Why engagement and career satisfaction is critical to success – and how to utilize within organizations and individual coaching.
